Is Disease a Crime?

Not very long ago, a popular magazine published an editorial article in which the writer asserted, in substance, that all disease should be regarded as criminal. Certain it is, that much of the sickness and suffering of mankind is due to the violation of certain of Nature's laws. But to say that all sickness should be regarded as criminal, must appeal to every reasonable individual as radically wrong.

It would be harsh, unsympathetic, cruel, yes criminal, to condemn the poor, weak, over-worked housewife who sinks under the heavy load of household cares and burdens, and suffers from weaknesses, various displacements of pelvic organs and other derangements peculiar to her sex.

Frequent bearing of children, with its exacting demands upon the system, coupled with the care, worry and labor of rearing a large family, is often the cause of weaknesses, derangements and debility which are aggravated by the many household cares, and the hard, and never-ending work which the mother is called upon to perform. Dr. Pierce, the maker of that world-famed remedy for woman's peculiar weaknesses and ills—Dr. Pierce's Favorite Prescription—says that one of the greatest obstacles to the cure of this class of maladies is the fact that the poor, over-worked housewife can not get the needed rest from her many household cares and labor to enable her to secure from the use of his "Prescription" its full benefits. It is a matter of frequent experience, he says, in his extensive practice in these cases, to meet with those in which his treatment fails by reason of the patient's inability to abstain from hard work long enough to be cured. With those suffering from prolapsus, anteversion and retroversion of the uterus or other displacement of the womanly organs, it is very necessary that, in addition to taking his "Favorite Prescription" they abstain from being very much, or for long periods, on their feet. All heavy lifting or straining of any kind should also be avoided. As much out-door air as possible, with moderate, light exercise is also very important. Let the patient observe these rules and the "Favorite Prescription" will do the rest.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

TILLMAN WARNS CHICAGO.

Senator Benjamin F. Tillman, of South Carolina, discussed the Chicago aspect of the race question in that city yesterday before taking the train for Fond du Lac, Wis., where he lectured last night. He paid his final respects to Mayor Dunne, whom he criticized in his Orchestra Hall address Tuesday night for declining to preside; denounced Governor Deneen as a trafficker in negro votes, and predicted a dark future for Chicago, saying that the Barnett incident in the recent election proved that city had lost all semblance of self-government.

"I made a great hit Tuesday night when I blistered Mayor Dunne," said the Senator.

"The crowd got up and yelled. It seemed to agree with my sentiments as applied to your Mayor.

The nomination of the negro Barnett for a judgeship is a fair illustration of the indifference of unscrupulous politicians toward the welfare of the country," continued Senator Tillman. "As long as Governor Deneen and other unscrupulous men of his political faith put up such nominees for office the country is in danger. It's up to the people to put a stop to this. Why do they stand for it?

"I have been accused of coming here to stir up race hatred, but I came for no such purpose. I came to depict conditions as they are. Northern people should investigate the race question, which will become one of their imminent perils, I predict that within five years Chicago will have bloody riot arising from clashes between the whites and the blacks. The same will take place in all other northern cities where the negro is pandered to by politicians.

"The election and counting out of Barnett, your recent colored candidate for municipal judge, shows that Chicago has lost all semblance of self-government, because it let a political ring nominate a man the people did not want."

Written threats to assassinate Mrs. Adele J. Keeler, burn her home and destroy the Chicago Union Hospital, beneficiary of the Tillman lecture, were placed yesterday in the hands of United States government officials.

Postoffice inspectors immediately began a searching inquiry, and arrests are promised.

A remarkable feature of the situation is the fact that the threats were written on the stationery of Rev. Dr. W. E. Tilroe, presiding elder of the Chicago district of the Methodist Episcopal Church.

It is believed that someone about the Methodist Book Concern building, where Dr. Tilroe has his office on the second floor, gained access to the stationery. The federal investigation was begun there.

The message contained threats of death, destruction and incendiarism; was written in ink, in a religious strain, and was signed "Grace and Mary Owens."

Dr. Tilroe was at a loss to understand who could have gained access to his stationery. He declared that the stationery used was part of a lot discarded last year.

Apparently to emphasize his disapproval of the course of Mayor Dunne in the Tillman affair, Mayor Sherburn Becker, of Milwaukee, who went to Chicago yesterday to confer with Mayor Dunne over certain municipal-ownership matters hunted up Senator Tillman and made him his guest at breakfast. While not concurring in full with Senator Tillman's views on the race question, Mayor Becker expressed the highest admiration for the southern senator.

Mayor Dunne said yesterday regarding the Tillman criticisms: "The Senator is laboring under a misapprehension if he is quoted correctly. He refers to me as a creature of the moment. I have been before the public four times in the last 15 years, and the public has expressed its regard for me in majorities from 18,000 to 50,000."

The new Pure Food and Drug Law will mark it on the label of every Cough Cure containg Opium, Chloroform, or any other stupifying or poisonous drug. But it passes Dr. Shoop's Cough Cure as made for 20 years, entirely free. Dr. Shoop all along has bitterly opposed the use of all opiates or narcotics. Dr. Shoop's Cough Cure is absolutely safe even for the youngest babe—and it cures, it does not simply suppress. Get a safe and reliable Cough Cure, by simply insisting on having Dr. Shoop's. Let the law be your protection. We cheerfully recommended and sell it. For sale by E. S. Leadbeater & Sons.

Tillman Defied Soldiers.

No one who knows Senator Tillman is surprised at his defiance of the negro mob in Chicago.

When Tillman first went into politics and was elected Governor of South Carolina, he fought through the most exciting campaign that State, had seen in a generation. Soon after he entered upon his term the Darlington anti-dispensary riots occurred. The people of many towns were bitter against the dispensary officers. When the military company in Columbia, the State capital, was ordered to Darlington to put down the rioters the soldiers refused to go. A body of them went to the Capitol, it is related, to threaten the Governor.

Instead of shielding himself to avoid any danger of being shot Tillman left his office and walked down the broad steps of the Capitol. He defied the armed militia, told them he was going to disband them at once and dared them shoot him.

They didn't shoot and were promptly disbanded.

Kennedy's Laxative, (containing) Honey and Tar moves the bowels. Contains no opiates. Conforms to Pure Food and Drug Law. Sold by W. F. Creighton & Co., 401 King street.

AMERICAN WOMEN FIND RELIEF

The Case of Miss Irene Crosby is One of Thousands of Cures made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that it is not the plan of nature that women should suffer so severely.

Thousands of American women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs these periods of their terrors.

Miss Irene Crosby, of 313 Charlton Street, East Savannah, Ga., writes:

"Lydia E. Pinkham's Vegetable Compound is a true friend to woman. It has been of great benefit to me, curing me of irregular and painful periods when everything else had failed, and I gladly recommend it to other suffering women."

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), displacement of organs, inflammation or ulceration, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising women free of charge. Thousands have been cured by so doing.

Divorced Wife to be His Sweetheart.

Because his wife has some views on matrimony and has urged him to sue for a separation from her, Robert E. Eaton, of Lincoln, Neb., yesterday obtained a divorce in District Court there. Mrs. Eaton, who lives in Cody, Wy.o, is willing to be a friend and sweetheart to her husband, but not a wife, according to a letter she wrote him, which he introduced in evidence at the trial of the divorce suit. In this letter she said, in part. "If we could live and work together as friends and lovers, I would gladly wish to be with you again. Unless you get a divorce we can never do so."

Fortunate Missourians.

"When I was a druggist, at Livonia, Mo.," writes T. J. Dwyer, now of Graysville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest Cough and Cold cure and Throat and Lung healer. Guaranteed by E. S. Leadbeater & Sons, Druggists, 50c and $1. Alexandria Gazette AND VIRGINIA ADVERTISER

THURSDAY EVENING, NOV. 29, 1906.

THE NEWS of the killing of Mr. Samuel Spencer in the railway wreck near Lynchburg early this morning has been received by manifestations of sorrow in Alexandria where he was so well-known and where he lived at one time. The deceased rose from one rung of the ladder to another until he became one of the most prominent railroad men in the world. He was born March 2, 1847, at Columbus, Ga. He was graduated as a civil engineer from the University of Virginia, July 1869, and entered the railroad service in August, 1869, as a rodman. In 1872 he became clerk to the Superintendent of the New Jersey Southern Railway. His advancement was rapid and in 1876 he became general superintendent of the Long Island Railroad. He was subsequently superintendent of the Virginia Midland Railway. Shifting to the B & O he passed through the offices of general manager and all the vice presidencies until he became president of the road in 1887. From 1889 to 1894 he was associated with J. Pierpont Morgan in New York, representing the latter's railroad interests. In June, 1894, he was elected to the presidency of the Southern Railway, which position he held until the time of his death. He was also president of the Georgia Southern and Florida Railroad, the Cincinnati, New Orleans & Texas Pacific Railway and the Alabama Great Southern Railroad and director in the Chicago, Milwaukee & St. Paul and Central of Georgia Railway, Erie Road, Old Dominion Steamship Co. and Western Union Telegraph Company. He is said to have done more toward merging the railways of the South into the great Southern Railway system than any other man. President Spencer was of a slight build, and had steel gray hair and moustache. In appearance he was a striking man. He had done much for the industrial development of the South and had given many thousands of dollars to the technical schools in that section of the country, and especially in Georgia, in which his road centres.

THE STATEMENT of Gillette before the jury at Herkimer, N. Y., yesterday, will, it is thought by many, prove injurious to him. While it will be extremely difficult for his lawyers in the face of facts to induce the jury to believe that Grace Brown jumped from the boat on Moose Lake with suicidal intent, the admission of the accused that he with force on certain occasions shamefully treated the dead girl is calculated to turn away from him many who had preferred to give him the benefit of reasonable doubts. There is no denying the fact that the young woman was beaten to death before she was cast into the lake, and the autopsy proves beyond all doubt that there was a motive for murdering her. The circumstantial evidence against Gillette grows plainer as the case proceeds, and his statement yesterday was a blundering defense from start to finish, although he had been rehearsing his story for weeks. His counsel had also been coaching him in anticipation of the cross-questioning he was to endure, but with all the preparations for the ordeal his statement before the jury failed in its object. Gillette was forced to acknowledge that he was the author of the girl's troubles and that even had she committed suicide it was his cruelty that had driven her to desperation.

FOLLOWING repeated protests by the citizens of Easton, Pa., about the inefficient street-lighting service given by the municipal plant, Mayor March has directed the city council to either take action to obtain good service or else to hand over the street lighting to a private corporation. He declares the present service is "dangerous from the police point of view, and dangerous and unbearable from the point of view of the citizens." There has long been complaint about the service, but the city council has not been able under the conditions of the municipal operation of the plant to give the city a service which is in any way satisfactory. This has been the experience of most of the cities which have undertaken municipal ownership of electric plants.

THIRTEEN farm laborers from England arrived in Richmond, Monday, and reported to the office of the commissioner of agriculture, where they found many applications of farmers on hand for such labor. By night most of them had found homes and had started for them. This is not contract labor in any sense. The commissioner simply addresses them that there are many demands for farm laborers to come to Virginia and they can get work. The law against contract labor is strictly observed. Another party of a dozen families are on their way and Commissioner Koiner says there is work in Virginia for 50,000 English farmers. They could find no better homes nor better soil to till than in Virginia.

A NEW ARMY ORDER has been promulgated requiring that applicants for enlistment in the government service "must have at least four serviceable double (bicuspid or molar) teeth, two above and two below, so opposed as to serve the purpose of mastication." The army man must be fully equipped to deal with the army ration. Thorough mastication goes before complete digestion. The old saying that "an army travels on its stomach," in the opinion of the government, needs amplification. The stomach must be hereafter backed by stout molars and these must "hit."

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Nov. 29.

The killing of President Spencer, of the Southern Railway Company, in a railroad accident in Virginia early this morning, caused much regret here, and at the general offices in the city, grave concern is expressed as to his successor. A large number of personal friends of Mr. Spencer, men who have served long and faithfully with him, hold responsible offices with the company and fear is expressed lest many of them may lose their positions.

Articles accumulated in the dead letter office will be sold at auction at 426 Ninth street, Washington, beginning at 10 o'clock Monday morning, December 17 and continuing until all are sold. The catalogue has just been printed and it takes 200 pages to give the brief description of the contents of 6,531 packages. The purchase of these packages is a sort of "sight unseen" transaction, but some great bargains have been obtained by purchasers in former years. Diamonds, watches, rings, eyeglasses and various other articles of jewelry, are listed in the catalogue, there being 439 pieces. Of the books there are 1,293 lots, printed in nearly all languages. There are 6,000 books. Package No. 1 contains 8 Indian tobacco bags and two pairs of worsted wristlets. In package No. 23 are two pairs of man's worsted hose, two neckties and a leather bill book. One package containing 35 pieces of instrumental or vocal music. No titles are given and it is not known whether 'In the Monkey House" by Caruso, is among the lot.

The bureau chiefs of the War Department appeared this morning before the sub-committee of the House committee on appropriations which is preparing the legislative, executive and judicial appropriation bill for the purpose of requesting an increased in the force of clerks in a number of the offices. The Navy Department chiefs were heard on the same subject this afternoon.

The Navy Department is entirely without information of knowledge of the reported mutiny among the stokers on the armored cruiser Tennessee which was one of the ships which escorted the President on his recent trip to Panama and Porto Rico.

Major Penrose, commanding a battalion of the Twenty-fifth infantry, which was disbanded by the President's order because of the riots at Brownsville, Tex., was quoted in a dispatch the other day as criticising the discharge of the men and as saying feelingly as the last man of the three companies was given his discharge that "There goes the last of the best regulated, the best disciplined and the best behaved battalion in the army." The dispatch was called to his attention by the War Department and today in a telegram from Fort Reno, Okla., Major Penrose denies the whole statement. He says: "Reference to your wire of this date. Quotation attributed to me in a Washington paper of November 27 absolutely false. I have never, under any circumstances, given out an interview to anyone that could by any possible stretch of the imagination be construed in the language attributed to me. I have never criticized General Garlington or anyone else in this entire matter or any action taken in it, nor was I present when the last men of the Twenty-five infantry were discharged. The whole quotation is false from beginning to end."

The races at Benning are being largely attended today, a large number of Virginians being present. The weather, although a little cold, has been all that could be desired, and the track is in fine condition. The card today is an excellent one.

GILLETTE'S TRIAL.

Chester Gillette went on the stand at Herkimer, N. Y., yesterday to tell the story of the death of Grace Brown, to which he was the only eye-witness. His telling of the story practically decides his fate, for the impression which he gave on the stand both in direct and cross examination will probably outweigh anything which the defense can bring forward from other witnesses.

Gillette's description of the girl's death came at about the middle of the afternoon session.

"We stayed in Punkie Bay," he said, "for a short time, rowing around the shore and reading a bit. We got some pond lilies and then let the boat drift. We got to talking about what we ought to do. I asked her what she thought we ought to do, and she said:

"'We will go back to Fourth Lake tomorrow and then decide.' I told her I thought we had better go to her home and tell her father and mother. She said she could not tell her mother, and began to cry. I said I would tell her father. She said 'You don't know my father or you would not say that.' Then I said, 'What shall we do?' She stood up in the boat, saying 'I'll end it now,' and putting her foot on the side went into the water. I tried to reach her, but I could not and the boat tipped over. I grabbed the boat, hung on for a while and finally got ashore. I did not see her again."

He said that he was willing to marry Grace Brown, but was unable to say why he did not; declared he cannot explain reference to the death in the girl's letters.

The District Attorney asked Gillette if he had had improper relations with Grace Brown when the letters were written in October, and he replied that he had against her protest.

Court was not in session today.

Herkimer, N. Y., Nov. 29.—Chester Gillette is in a partial state of collapse in Herkimer jail today. Unnerved by the fierce lashing of the prosecutor's cross examination, Gillette broke down when he returned to his cell last night. He rested all night under the influence of powerful sedatives. His counsel may offer a plea of murder in the second degree. District Attorney Ward said today that he would not accept it.

Gillette, with his counsel, for three nights in his cell carefully went over the story he told the jury. The prosecution may call a witness who heard the rehearsal of that story, which it is said, varies much from the one which Gillette told on the witness stand.

Sir Mortimer Durand yesterday visited the Jamestown site and assured President Tucker that England would be well represented at the exposition.

Representative Sheppard, of Texas, is preparing to introduce a bill providing for an income tax on the first day of Congress. He understands that the President will refer to the subject in the forthcoming message, and wishes to get a bill before Congress at the earliest moment.

Secretary Wilson reports that the products of American farms this year will amount to a total valuation of $6,800,000,000, an increase of $500,000,000 over last year. The total value of the farm properties of the United States is estimated by Secretary Wilson's department at $28,000,000,000.

Mr. Jesse Tyson, formerly president of the Baltimore Chrome Works and a prominent clubman of Baltimore, died at his home, at Cylburn, near Mount Washington, yesterday of pneumonia. "I have the fairest wife, the fastest horses and the finest house in Maryland." This was a favorite boast of Mr. Tyson.

For the first time in a number of years neither the President, Secretary of War nor Secretary of the Navy will be in attendance upon the annual contest between the football teams of army and navy academies, which will be held at Philadelphia Saturday. All three are very busy getting ready for the opening of Congress on Monday.

For five years from March 31 next when it will be abandoned as a regular army post, old Fort McHenry in Baltimore harbor will be in the possession of the Maryland National Guard. It will be cared for by the park board of that city and policed by the Baltimore police department. Its fate after this five-year period ends is uncertain.

Frederick Pomeroy, traffic manager of the New York Central Railway, died late Monday night at his home in Brooklyn. The recent worry he underwent in connection with the trial of the New York Central for giving rebates to the sugar trust told heavily on Mr. Pomeroy, who was himself fined $6,000 personally for his connection in the matter.

Representative Burton, of Ohio, who is at Hot Springs, Va., will return to Washington today, and has called a meeting of the House Rivers and harbors committee for that day to take up the rivers and harbors bill, which it is said will be passed during the coming session. It is not known what amount it will carry, but it will, it is generally believed, be not less than $50,000,000.

If the allegations against Senator Bailey, of Texas, are proved, his defeat for re-election to the Senate was said to be almost certain. It is charged that Senator Bailey was paid various sums of money by the Waters-Pierce Oil Company, and that he borrowed $8,000 which was audited by the Standard Oil Company. Bailey denied on the stump that he had ever been paid any money by either of the companies.

A search to ascertain the cause of a leakage in the beer cellar of a restaurant in Birmingham, England, revealed that rats had gnawed a beer duct with the apparent deliberate intention of carousing, as a number of rodents were found wallowing in a shallow flood of beer in various stages of inebriety. Some were helplessly drunk, others were zigzagging about in a befuddled manner, while others were seemingly unable to control their legs. There were no escapes.

Because his young son was severely chastised for refusing to march from the schoolroom beside a negro girl, John Berger, accompanied by an attorney, appeared Tuesday night before the School Board at Coraopolis, a suburb of Pittsburg, Pa., and demanded the dismissal of Superintendent C. C. Marshall. Mr. Berger served notice on the board that if the superintendent was not dismissed he would take the matter into the courts. Superintendent Marshall will be asked to resign.

At the Metropolitan Opera House in New York last night Enrico Caruso, the Italian tenor, made his first public appearance since his recent conviction in a police court on the charge of annoying women in Central Park. The opera was "Le Boheme," and Caruso sang Rodolfo to Mme. Sembrich's Mimi. The audience, which was a brilliant one, gave the tenor a cordial reception, which was accepted by his friends as a public vindication. At the end of the first act Caruso was recalled five time and then would no longer respond.

EDUCATIONAL.

The general conference and several special meetings of the Virginia Library Association gave the educators a busy day of it in Richmond yesterday. The general conference at the Seventh Christian Church was under the auspices of the school officials' conference.

State Librarian J. P. Kennedy told the teachers how to secure school libraries through State aid. Dr. J. A. Chandler addressed the conference on the relation of education to the Jamestown Exposition. Dr. A. R. Spofford, of the National Library of Congress, was one of the speakers at the night session. His subject was "A World of Books."

Deep earnestness and great enthusiasm marked the conference of school superintendents, held in the hall of the House of Delegates. The leading subject was the recognition of diplomas and certificates granted by State institutions and colleges by private schools and academies. The speeches were limited to 15 minutes. Dr. James Cannon said the supply of teachers was entirely inadequate. He suggested the increase of salaries, so as to make teaching a profession instead of a makeshift; an increase of the centers of supply, and a standard for examination set by the State board and subject to examination.

Superintendent Hall, of Fairfax county, created a sensation, when he said:

"At the present time, Mr. Chairman and brother superintendents, there are scores of young women teaching in this State whose license to teach is illegally given, and, therefore, they are pursuing a profession to which they have neither the title nor the recognition of the law. What I mean to say is this: That the State Board of Examiners, recently appointed by the State Board of Education under the sanction of the last Legislature, has gone to work and issued a lot of certificates to applicants for teachers' positions in the county schools, when under the statutes governing their actions, they had not a title, not an iota of right, so to do. Therefore, I declare their whole action illegal. Their authority is not found in the Virginia code, and exists nowhere but in their own minds. Every single one of the emergency certificates issued by this same board of examiners is unlawful. It is without authority, and the teacher practicing under that illegally issued certificate, is teaching a county school without the proper authority to do so."

Speaker Hill's remarks were controverted by several speakers.

Superintendent of Public Instruction Eggleston in a speech declared that the meager pay accorded public school teachers in this State has done more to hinder the proper advancement of education than any other one thing. He appealed to the superintendents to lend their energies to raising the standard of teachers. He said he wanted to see a law authorizing adequate pay for the teachers.

D. L. Pulliam, of Manchester, and R. L. Dobbie, of Norfolk, spoke strongly for the better recognition of trained teachers. On recommendation of the nominating committee chosen yesterday, the following executive committee was appointed: D. M. Brown, W. D. Smith, Geo. H. Hulvey, H. M. Clarkson and D. L. Pulliam.

The Virginia Library Association met in the State library building yesterday with a large attendance. Strong resolutions were passed commending the ordinance adopted by the finance committee of the city council appropriating $5,000 in aid of the Poe Monument Association to erect a monument to the great American poet. The following officers were elected: President, John P. Kennedy; vice president, John S. Sargent, Norfolk; second vice president, J. S. Patton, Charlottesville; secretary, Edward S. Evans, Richmond; treasurer, Mary G. Lacey, Blacksburg. A. R. Spofford, of the National Library, addressed the association this afternoon.

As a result of the educational conference yesterday, a State teachers' association was organized with the following officers: President, F. B. Fitzgerald, Gate City; secretary, J. H. Binford, Richmond; treasurer, N. P. Painter, Roanoke; vice presidents, James G. Nook, Parksley; J. H. Saunders, Portsmogth; J. D. Turner, Richmond; Josiah Gaines, Emporia; Edgar Sydnor Stricker, Ormond Stone, J. H. Harris, Warrenton; P. M. Gardner, J. G. Jeter, Covington.

Killed in Explosion.

A dispatch from Berlin says that a "roburit" factory, near Wittan, Westphalia, exploded yesterday evening and was wiped from the face of the earth. Many persons were killed, but the exact number cannot yet be ascertained. People say it is far above 50. About 100 persons were wounded, and already have been conveyed to hospitals.

The detonation was heard throughout the entire surrounding industrial region, which is thickly settled. All the windows in the adjacent town of Annen were destroyed by the concussion, and many houses unroofed. No house escaped injury. The inhabitants of the immediate neighborhood fled, anticipating another explosion in the vaults of the factory.

Roburit is an explosive of high power, composed of saltpetre, ammonia, sulphur and other ingredients. It is not easily exploded by a blow, and it can be burned with safety in the open air. Its power is second to that of dynamite.

Drawn Fight.

The fight between Tommy Burns and Jack O'Brien at Los Angeles, Cal., last night was declared a draw at the end of the twentieth round.

The fight was fierce throughout, first one and then the other having the advantage. Both men were badly battered up, but both showed remarkable gameness.

The sympathy of the crowd was well divided, and the cheering was continuous. Jeffries was kept busy with the men, who fought cleanly, however, and no foul tactics were adopted.

Terrible Railway Accident

Rear-end Collision Near Lynchburg on the Southern Railway—President Samuel Spencer, D. W. Davis and Mr. Schuyler Among the Killed.

Shortly before noon today a report was circulated throughout the city that a terrible accident had occurred on the Danville division of the Southern Railway. It was known that passenger train No. 37 had collided with No. 32, both southbound, a short distance south of Lynchburg. It was known that several persons had been killed, but it was impossible to obtain details. Later it was announced that President Samuel Spencer was one of the victims, as was also Mr. D. Walter Davis, the managing telegrapher of the company. Others were believed to have lost their lives also.

President Spencer left Washington last night in his private car, No. 100, which was attached to No. 33. This train was followed later by No. 37. Both were late when they passed this city. The former generally passes through this city shortly after 10 o'clock, and No. 37 an hour later.

After the rumor of the accident had been circulated the Southern Railway issued the following official announcement regarding the wreck:

"Southern Railway passenger train No. 33 left Washington last night late, by reason of congested holiday traffic. About 6:30 today at Lawyer's, Va., on a portion of the road protected by block system, the train stopped for slight repairs to a coupling. Passenger train No. 37, following No. 33, and being given a clear block, ran into the rear of No. 33, resulting in a serious wreck. Our present advices indicate the collision was probably due to negligence of the operator in allowing No. 37 to pass the block. President Samuel Spencer, of the Southern Railway Company, and a party of friends were in an officers' car at the rear of No. 33, and the reports are that President Spencer is killed and several of the party seriously injured."

Later advices received by the Southern leaves no doubt as to the death of President Spencer. It is stated that a Mr. Schuyler, a guest of President Spencer, was also killed. None of Mr. Spencer's family was on the car.

Mr. D. Walter Davis, manager of telegraphy for the Southern Railway, who was in the car, was also instantly killed. It is said that quite a number of officials and prominent capitalists who were in the Spencer car met death when the crash came. All the circumstances go to show that Mr. Spencer met a horrible death by cremation. His private car was split open and afterward burned. His body was so blackened and charred that it could not be recognized by his friends when taken out.

President Spencer was the best known Southern Railway magnate and had under his direct control one of the largest railroad systems in the world. He was right hand man of J. P. Morgan. He was well-known in Alexandria, he having years ago been general superintendent of the Virginia Midland Railway before that road was merged into the Southern system. He was a popular gentleman, who had been promoted from one position to another by his industry and genius, and all who knew him will regret to hear of his death.

Mr. D. Walter Davis was also well-known in this city, where he had many friends and acquaintances. He leaves a widow, daughter of Mr E. C. Joyce.

Advices received at the Southern Railway offices indicate that every occupant of Mr. Spencer's car was either killed or injured. It is feared that there were many other casualities.

A special train loaded with physicians and nurses left Lynchburg for the scene of the wreck as soon as it could be made up. Following is the official list of killed, missing and injured as given out a. 11:40:

KILLED.

Samuel Spencer, of Washington, President of the Southern Railway;
Philip Schuyler, of New York, retired capitalist.
D. W. Davis, of Washington, telegrapher.
Charles D. Fisher, of Baltimore, member of firm of Gill & Fisher, commission merchants.
Francis T. Redwood, of Baltimore.

INJURED.

E. A. Merville, of New York, Secretary to President Spencer, slightly;
Samuel Cox, colored, cook in private car badly;
Wm. Pollard, colored, porter, badly;
Gilland Thomas, colored, porter, seriously;
Wm. J. Winston, colored, seriously;
Cora Loan, colored, seriously;
Lucrecia Allen, colored seriously;
Preston Bone, colored, seriously.

The colored people injured were occupants of the car in front of President Spencer's car. Both of these cars afterward caught fire and were destroyed, as well as the club car on train 37 which ran into No. 33.

News was received shortly before noon that all the injured had been taken to Lynchburg for treatment.

Mr. Kosciusko Kemper, jr., and bride who were married at Delaplane yesterday evening, came down the Manassas branch and took train No. 33 at Manassas. They were in the Pullman car next to Mr. Spencer's, which was burned, but neither Mr. Kemper nor his bride was hurt.

Danville, Va., Nov. 29.—At 12 o'clock it was stated on the authority of those who have been clearing away the wreckage that four men were killed outright, in the wreck of President Spencer's car and almost a score seriously injured. It is expected that some of the injured will die. The wreckage took fire immediately after the crash and the wrecked coaches were entirely consumed by the flames.

An Evenful Voyage.

New York, No. 28.—After the hardest voyage she ever made, the Oceanic, from Liverpool, reached port late last night. For three days and nights she battled with a fierce storm and Captain Cameron is suffering from injuries sustained in being swept from the bridge by a big wave. The captain was caught by the full force of the terrific wave as it broke over the ship and rolled along the deck. He was swept off his feet and fell to the deck, striking his head against a binnacle. When the sailors rushed to his aid, he was unconscious. The window of the wheelhouse were smashed by the water and the passengers who were on deck to watch the storm were knocked down and forced to huddle on the lee side. They were unable to reach the companionway to descend while the fury of the sea was at its height.

Cathedral Consecrated.

Richmond, Nov. 29.—Every train arriving in Richmond yesterday and today added to the number of Catholic clergymen gathered here to participate in the solemn and impressive religious ceremony of the consecration of Sacred Heart Cathedral, which took place today. Many high dignitaries of the church arrived last night. They were met by a guard of honor at the Catholic University in Washington and escorted to this city. Cardinal Gibbons, six archbishops and ten bishops, with their secretaries, were in the party. Priests from every city in the State and several from distant parts of the country arrived yesterday morning. The cathedral, which is considered the handsomest Catholic edifice in the South, is the gift of Mr. and Mrs. Thomas F. Ryan, of Virginia, to the diocese of Richmond. The edifice was magnificently decorated and was crowded to its fullest extent. At 6 o'clock this morning, with all the solemn pomp and dignity of the ancient ritual of the Catholic Church, the splendid temple was consecrated by Monsigneur Falconio, archbishop of Larissa and delegate apostolic of the holy father, assisted by Bishop Van De Vyver and other dignitaries. At 11 a. m. there was a pontifical high mass, conducted by Bishop Maes, of Covington. The sermon was by Archbishop Kean, of Dubuque, cardinal, delegates, archbishops, bishops, monsignori and priests took part in the services at which Mr. and Mrs. Ryan were present.

The services were among the most impressive ever held in the State. At 8 p. m. there will be solemn vespers and benediction will be pronounced by Archbishop Glennon, of St. Louis.

Horrible Desolation.

Dortmund, Nov. 29.—Most horrible desolation and destruction greets the eyes of the remaining residents of Annen, seven miles southwest of here, where a terrible explosion in a factory last night actually wiped the buildings off the face of the earth.

Three hundred are said to be dead. Work of rescue is attended by the greatest danger, as more explosions are feared. Two great detonations were heard last night over the entire surrounding region, which is thickly settled. They were close together and about 8.30 o'clock the town of Annen was reported to be a heap of ruins. Houses were shaken from their foundations and crumpled like paper. Residents of the neighborhood fled in panic.

Latest advices from Dortmund, Germany, are that fifty persons were killed and ninety-six injured seriously in the Annen explosion. Several hundred persons were slightly hurt.

Count Boni.

New York, Nov. 29.—Count Boni de Castellane wishes to appear on the American stage, with two provisions. One is that he be given a part permitting him to be an "artist," and not an "attraction," and the other is that he receive the modest sum of $2 000 per week for forty weeks. This information is contained in a letter to Lew Fields from a Parisian vaudeville promoter. It is hinted that Boni may be using the proposition as a club to induce the Goulds to make a settlement upon him.

Daring Robery.

New York, Nov. 29.—Michael Connelly, a produce merchant, was assaulted and robbed by three highwaymen on the rear platform of a Broadway car early today. For daring and bravado the robbery is the worst committed in the city for many years. The street was crowded with people. Connelly was standing on the platform when three men got on board. The conductor went inside the car. Suddenly one of the men struck Connelly with a black jack and he fell to the floor. In an instant, the other two bandits were upon him. They took his pocketbook containing thirty-six dollars and his gold watch and chain. Then the highwaymen stepped off the car. The other passengers did not realize what had taken place until the robbers had gone.

The Norfolk and Western Railroad Co. yesterday paid its assessed taxes for the year to State Auditor Marye by check for $246,451.79. The same road last year paid $217,144.13. All railroad and steamboat companies are required to pay this tax by December 1 under 5 per cent. penalty. The Norfolk and Western is the only road which has paid so far.

The legislative committee appointed to investigate the Virginia Polytechnic Institute made its report to the Governor yesterday and gave the institution a clean bill. The committee declares that the management has been able and efficient, and that the appropriations have been wisely and honesty expended. The committee refers to the manner in which the expelling of young Christian, of Richmond, was eliminated from investigation by the board. The committee recommend that a department of mining engineering be organized and equipped as part of the course. The report is short and business-like.

IN MEMORIAM.

In loving but sad remembrance of our dear daughter, ANNIE R. MEAD, who went to dwell with the angels November 29, 1899.

Seven mournful years have vanished,
Think I while the tear-drops start,
But the memory of our loved one
Still is fresh within our hearts.
Oh, the misery of those dreary days,
When we stood beside her bed
Till death stole upon her softly,
And we knew her soul had fled,
Oh, since then our life is saddened,
Since that day our hopes were slain,
But her voice seems softly saying,
"Courage, we will meet again."

Mutiny on Warship.

It was learned in Newport News yesterday that fifty or sixty stokers of the crew of the armored cruiser Tennessee are confined in the brig aboard the vessel, awaiting trial on the charge of mutiny. The officers decline to discuss the affair, but according to the story told ashore by sailors, the stokers rebelled Monday morning last, while the Tennessee, with the Washington, was convoying the battleship Louisiana, bearing President Roosevelt and his party home from the Panama trip.

The President ordered a forced-draft run of four hours, and the ships began preparations for the spurt. The stokers on the Tennessee are said to have refused to work under forced-draft conditions, and for this reason the Tennessee dropped behind in the race that followed.

The mutineers were hustled into the brig, other men were put in their places, and the cruiser succeeded in arriving in Chesapeake Bay soon after the Louisiana.

A report yesterday morning was to the effect that the mutiny occurred on the Washington, and that this caused that vessel to arrive late. Further investigation makes it seem certain, however, that an accident to the engines of the Washington was responsible for her delayed arrival, and that the mutiny took place on the Tennessee.

The Louisiana, Tennessee and Tacoma are at anchor in Hampton Roads. Sailors off the Louisiana and Tacoma have been given almost unlimited liberty, but since the arrival of the Tennessee hardly any of her men have been allowed ashore.

Rockefeller Gifts to Virginia Schools.

Announcement was made in New York yesterday that at a meeting on Tuesday of the General Educational Board, which has charge of the John D. Rockefeller foundation for higher education, the following appropriations were made:

Lawrence University, Appleton, Wis., $50,000; Drury College, Springfield, Mo., $50.000; Richmond College, Richmond, Va., $150,000; Washington and Lee University, Lexington, Va., $5.000; Iowa College, Grinnell, Ia., $100,000.

This makes a total of $667,500 contributed from the income of the Rockefeller foundation since the gift was received, in October, 1905. These gifts are made conditionally, and when the conditional amounts are raised the total contributed for the endowment of colleges will be $2, 670,000.

President Harry P. Judson, of the University of Chicago, was elected a member of the general education board, succeeding the late Dr. Harper, and President Edwin A. Alderman, of the University of Virginia, and Hollis B. Frissell, of Hampton Institute, were elected members of the board.

Subsequently the members of the general education board of Rockefeller foundation met the members of the executive committee of the Carnegie foundation for the advancement of teaching and an informal understanding was arrived at that in all matters affecting the development of higher education the two boards will endeavor to work in harmony.

Request Refused.

Both the B. & O. and the Pennsylvania railroads have formally declined to accept the order of the District of Columbia Commissioners to substitute electric motors for steam locomotives within the District as a means of eliminating smoke and gases when the new Union Station is to be used. The formal announcement was made yesterday by the officials of both railroads. A communication from the Pennsylvania Railroad was written by the president of that company, and that of the Baltimore and Ohio by the third vice president. The two railroad officials reported that it is impossible for them to make the substitution in the method of motive power by the time of the beginning of the use of the new Union Station, and stated that it is unlikely that they will substitute electric motors at any time in the future. They both say they consider the motors impracticable.

District Commissioner Macfarland says he will endeavor to secure this change through Congressional action at the coming session.

Weddings.

Miss Lucy Chandlee Leadbeater, daughter of Mrs. Edward Stabler Leadbeater, and Mr. Laurence Stabler were married at Christ Church at 8:30 o'clock last night. The church which was crowded with friends of the bride and groom was beautifully decorated with palms and white chrysanthemums, and the wedding march was played by the organist of the church, Mrs. Charles G. Lennon. The ceremony was performed by Rev. Berryman Green, of the Episcopal Theological Seminary, assisted by Rev. W J. Morton, rector of the church. The bride entered the church on the arm of her twin brother, Mr. Laurence Chandlee Leadbeater, of Birmingham, Ala , by whom she was given in marriage, and was met at the altar by the groom and his best man, Dr. Arthur Snowden. The matron of honor was Mrs. George Garr Henry, of Morristown, N. J. The ushers were Messrs. Clarence C. Leadbeater, John Leadbeater and Edward S. Leadbeater, brothers of the bride, and Henry Wattles, Frank Slaymaker and E. S. Fawcett. The bride wore a gown of white radium silk, trimmed with Venetian and rose point lace. Her veil was caught up with orange blossoms and she carried a shower bouquet of bride roses and lilies of the valley. The matron of honor was gowned in white spangled net, trimmed with pink taffeta and carried bridesmaid roses. After the wedding a reception, to which invitations had been issued to only the bridal party and immediate relatives, was held at the home of the brides' mother, and later Mr. and Mrs. Stabler left on a wedding trip. Among the out-of-town guests were Mr. and Mrs. Wm. B. Lloyd and Mr. Edward Lloyd, of East Orange, N. J.; Mr. Gardner P. Lloyd, of Princeton University; Miss McLester, of Birmingham, Ala.; Mr. and Mrs. John C. Bentley, Miss Eliza H. Miller, Mr. and Mrs. Edward N. Bentley, Miss Mary Bentley, Mr. M. L. Bentley, Mr. Richard T. Bentley, and Mrs. Kate Janney, of Sandy Spring, Maryland.

A very beautiful wedding was that of Mr. Kosciusko Kemper, jr., and Miss Ann Lee Greene in the Presbyterian Church, at Delsplane, at 5 o'clock yesterday afternoon. The church was handsomely decorated by the young friends of the contracting parties. The bride was Miss Ann Lee Greene, daughter of Dr. Hugh R. Greene and Mrs. Sarah H Greene, of Delsplane. The ushers were Messrs David and Hugh Greene, brothers of the bride. The maid of honor was Miss Kate Greene, sister of the bride. The bridesmaids were Miss Jennie Greene and Miss Sallie R. Kemper, and the best man was Mr. E. H. Kemper, brother of the groom. The members of the family of this city were taken up in a private car, tendered by Mr. E. H. Kemper, auditor of the Southern Railway Company. The presents were numerous and beautiful. Mr. and Mrs. K. Kemper, jr., have gone south and on their return will reside in this city. The marriage ceremony was performed by Rev. I. N. Campbell, pastor of the church, and was very impressive. Mr. Kemper is a well-known and popular young gentleman of this city and holds a responsible position with the Southern Railway. The bride is an equally popular young lady of Fauquier county.

Miss C. V. Faulkner, daughter of Mr. Albert Faulkner, of Arlington, Alexandria county, and Mr. C. A. Rainey, of this city, were married yesterday by Rev. W. J. Morton at Christ Church rectory Following the ceremony Mr. and Mrs. Rainey left for an extended northern trip.

Mr. Rodgers Safe.

A letter received in this city from Key West, Fla., announces that Mr. G. R. Rodgers, of this city, who it was feared had been drowned off the coast of Florida during the recent storm, is safe in a hospital at Key West. Mr Rodgers was employed by a railroad company, and when the storm broke a houseboat in which he and about 150 other men had sought shelter was blown out to sea and wrecked. Twenty-four men out of the 150 were saved, they having been picked up by an Austrian steamer. The saved men had a thrilling experience in battling with the waves before they were rescued by the steamer. Mr. R. D. Rodgers, father of Mr. G R. Rodgers, knowing his son was in the houseboat at the time it was blown out to sea, feared that he had been drowned. Letters were sent to Miami and other points during the past few weeks, but no tidings of the young man could be obtained until yesterday when his sister received the letter referred to above.

Thanksgiving Day.

Thanksgiving Day has been observed as anticipated. The banks were closed, as were also the city and government offices, and the postoffice observed Sunday hours. Some manufacturers closed their shops, but most of the business houses of the city transacted business as usual. The weather was rather too cool for comfort, the keen northwest wind which set in Tuesday night having in no wise abated. Notwithstanding these conditions, many persons went on their accustomed Thanksgiving Day hunting trips. About the usual number of Alexandrians visited Washington during the day, while many from that city came here. The religious services which had been announced were well attended. The electric trains carried a large number of persons to Mount Vernon during the day.

State Taxes.

It may not be known to all taxpayers that every citizen who fails to settle with the treasurer for State taxes by tomorrow night, the 30th day of this month, will have the penalty of five per cent. added to their tax bills. It is customary for many to put off the payment until the very last moment. Then there is sometimes a rush, and many find the last hour closing in before they have reached the treasurer's office in the City Hall, and then goes on the five per cent. penalty.

The repairs to the rudder of the ferry steamer Callahan have been completed.

The New Electric Works.

Work at the plant of the Alexandria Electric Company, at the foot of Wolfe street, is progressing rapidly and should no unforseen circumstances arise the plant will be ready to furnish electricity in a short time. The building is nearly ready for the purposes of the company. The foundations for the machinery, which are of concrete, are finished, and about half of the machinery to be used is now on cars at the works. The poles and wire are also there. The plant will be duplicated, so that patrons will experience no inconvenience should there be an accident to the machinery. Mr. Harry R. Fowler, erecting engineer of the E. Kuler Company, of Williamsport, Pa., is now at the works superintending the erection of the machinery and dynamos. The company he represents has accepted the contract to furnish and place in working order a modern electric plant. When it shall have been placed in position and in running order it will be turned over to the Alexandria Electric Company. The machinery, some of which has been manufactured in Ohio and other parts in Williamsport, Pa., is of the most approved pattern, and Mr. Fowler says Alexandria will have one of the best plants in the country.

Jr. O. U. A. M.

Alexandria and Belle Haven Councils, Jr. O. U. A. M., of this city, will hold a public meeting at the Opera House on Friday evening, December 7th, at which Hon. Z. P. Smith, editor of the "American," of Raleigh, N. C., will make the principal address. Music will be furnished by an orchestra under direction of Mr. Carlton Padgett. There will be a meeting of the committee on arrangements for the public meeting at the council meeting of Alexandria Council this evening. The degrees of the order will be conferred upon one candidate. The Councils above named are the "loyal" councils of the order in this city and the decision recently rendered by the U. S. Supreme Court does not in any way affect them; nor will the decision in any way affect the funeral benefit feature. The effect of the decision is that it deprives the "loyal" branch from having a State Council, until the national organization makes other arrangements for them which will place the loyal councils on a working basis, which will be done at an early day. The loyal councils of the order in this city will, therefore, continue to carry on their work of benevolence and mutual helpfulness.

Personal.

Among those from Alexandria who will attend the Carlisle-Virginia football game at Norfolk today will be Miss Edith Ramsay and Miss Grace Anderson who will be the the guests of Miss Ramsey's sister, Mrs. William A. Brown, in Portsmouth, and Miss Lisa Anderson, who will visit Mrs. Samuel W. Pannill in Ghent.

Rev. C. D. Bulla, of the M. E. Church South, gave a very pleasant musical and literary entertainment at his home last night to the young men of his class.

The Purcellville Dancing Committee gave a dance in Nichols' Hall on Friday last which was quite largely attended. Among those from a distance were Miss Mattie Smith and brother from Alexandria.—[Loudoun Record.

The Ministering Children's League will hold its annual Thanksgiving services at Christ Church Parish Hall on Friday, November 30th, at 4 p. m. Preventics dissipate all colds quickly, and taken early, when you first feel that a cold is coming, they check and prevent them. The American Magazine for December, which has been received from its editors in New York, is a really notable number, something important or delightful appearing on every page. Miss Tarbell begins her new historical serial, "The Tariff in Our Times." "Mr. Dooley" contributes "The Christmas Spirit" "Out of the Heart" presents a Southern woman's view of the negro problem. A little Christmas talk entitled "Science, St. Skinflint and Santa Claus," is full of gentle humor. In the "Daly Banquet" Clara Morris tells of her first speech. The fiction is good. George Madden Martin begins a new series of stories. The monthly editorials by the staff are run under the title "In the Interpreter's House."

Kissed and Made Up.

Although eighty-one years old, John Davenport, of Wilkesbarre, Pa., charged by his thirty-year-old wife yesterday with assault and battery, declared that he only married her to keep his feet warm, and the case ended in their kissing each other and being reconciled.

Alderman Brown directed Mrs. Davenport to give an illustration of how her husband had seized her by the neck and shaken her. She did so, and the pair wrestled about the courtroom. This restored their good humor; they laughed at each other, and when a spectator cried "Oh kiss and make up," they did so with gusto. It was during the woman's testimony of how her husband neglected her that he interrupted with the exclamation:

"Well, I only married her to keep my feet warm"

Sells His Wife for $50.

John Schwartzer, who lives on the hills back of Honesdale, Pa., has shocked the good people of that section by selling his wife to Archie Hagan for $50. Hagan was a circus performer. He went to Honesdale last summer and settled near the Schwartzer home. A friendship developed between him and Mrs. Schwartzer, culminating a few days ago in an offer of $50 by Hagan for the woman. The wife was willing, and paid the money out of her funds, her husband going with her to the bank, where her money was deposited. A justice was called upon to realize the sale, but he could not sanction it. The couple are now looking for rooms in Honesdale. Hagan is aged thirty-five and his new spouse is fifty-two.

Fight Against Tobacco Trust.

Lexington, Ky., Nov. 29.—The tobacco trust is offering 14 cents for unstripped Burley tobacco here, which last year brought but seven cents. A member of the Burley tobacco association estimates that the fight made against the trust by the Burley company will bring to the growers of forty counties in Kentucky, about $4,000,000. Nearly every Burley tobacco county will be represented by large delegations at the tobacco convention at Winchester on Monday.

Killed at a Saloon.

Chicago, Nov. 29—John Janis, a Pole, was shot and killed this morning in Mrs. F. Cominsky's saloon. A wedding celebration was being held with about 100 guests. When at one o'clock the police appeared and ordered the saloon closed, a row ensued. Pistols were drawn by both sides and a fusillade followed.

TOYS, DOLLS and GAMES.

Our young friends now have the pleasure of seeing a very unique toy, The "Whistling Boy"—a wonderfully lifelike representation of a boy on his way to school, whistling tunes that re familiar to all. He keeps time with his hand and winks his eye, as if to say, "How do you like it?" This toy was built by one of the oldest toy makers in France, and is the most expensive mechanical toy ever put on the market, being valued at $200.

Another feature which will amuse the children most of all is "Misses Katzenjammer"—as she is called in Leipsic. She is an old German Lady we brought over from Leipsic to take part in our Xmas Toy Opening. She is the original Missus Katzenjammer, who was on exhibition at Leipsic, during the Toy Fair last March, and who was followed through the streets by thousands of children and grown folks.

She is here in her original costume, just as she appeared at Leipsic, and is ready to wish every boy and girl a "Merry Xmas."

There are many more unique and novel mechanical toys which you have never seen before and which will be "going" for your pleasure.

We direct special attention to our Department of Games and Juvenile Books, which is one of the largest and most comprehensive to be found anywhere. All the favorite old games, the new games just out, and a large line of Educational Games, which are both instructive and amusing, are shown. The prices for games vary from 5c to $10 each.

Purchases made now will be carefully stored and delivered at your convenience up to and including Xmas Eve.

We cordially invite the children to visit our Toy Department, on the Fourth Floor, where all the delightful "make believes" which form so important a part in the lives of little folks have found their home.

The grown folks are also invited.

A whole lot of pretty, useful things to adorn the person and to brighten and make the home more comfortable may be planned from the large and varied collection of remnants to be found here tomorrow—and at a very little expenditure of money.

Bargains all over the store. The week's odd lots, broken assortments, one-of-a-kind things, short lengths—remnants of whatever kind—added to the extraordinary values that have been secured by our corps of buyers—afford most unusual opportunities for the economically inclined.

Ever Remembered.

Our cherish'd seasons comes and go:
As they move on we older grow—
Bereft by grief and loss, but yet,
Thanksgiving Day we ne'er forget!

Let Autumn's best brief day glide by—
'Neath Lethe's dark billows bid it lie?
Ah, no—what e'er befall life's way—
Remember ye Thanksgiving Day!

Let us forget the care and ill
And evil that our lives now fill;
Bid it as phantom'd dream depart—
Let praise and worship thrill each heart!

Remember whence our blessings flow:
Remember God—His name adore;
Remember Christ—our Saviour given—
The Holy Ghost—our guide to Heaven!

Bid human kindness hold full sway
O'er all the moments of this day;
May love's own hallow'd glory fall
A mantle fair to cover all!

And, when at eve—the setting sun
Declares this day's glad race is run—
May angels bear on wings above,
A nation's gratitude and love!

Ever on Memory's gall'ried wall,
May this bright season hang thro'all
The years to come—a picture rare,
Of Joy and Love—of Hope and Prayer!

Remembers Nothing of Wedding.

William H. Johnson, a Chicago lawyer, who was associated with Charles T. Yerkes, yesterday secured from an actor playing at Allentown, Pa., a deposition that he was one of the party that witnessed the wedding of Mrs. Mary Adelaide Yerkes to Wilson Mizner. According to Johnson, Mrs. Yerkes is anxious for a divorce from Mizner, and is gaining a residence in Chicago to secure it. Mr. Johnson said he all along believed the wedding took place, but the matter had to be established legally. He refused to name the actor whose affidavit he secured, but said the information he gave helped not only to establish the marriage, but also aided the proceedings for a divorce.

Mr. Johnson said that Mrs. Yerkes has been told by friends present there really was a wedding, but declares she remembers nothing about it, and thinks she must have been doped. The libel in divorce against her adventurous young husband will be started as soon as Mrs. Yerkes-Mizner is well enough physically to endure the strain of giving testimony. She has submitted to several severe operations and is not strong. Under the divorce she will secure, Mizner will not be entitled to any of her property.

G. W. Fouts, Postmaster at Riverton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 10 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters; which cured me and have kept me well for eleven years." Sure cure for Billiousness, Neuralgia, weakness and all Stomach, Liver, Kidney and Bladder derangements. A wonderful Tonic. At E. S. Leadbeater & Sons' drug store. 50 cents.

Colored Preachers and Leaders Warned.

Many colored preachers and leaders in Richmond have been served with a notice by an alleged prophet, George Richardson, or Richets, warning them to prepare for the worst, and hinting that they will all be killed on the 25th of next month. The prophet says that he and his band have received an order direct from God, and that no man can prevent it being carried out. "There is only one hope for the preachers and leaders," he said, "and that is that they begin at once and continue in prayer and reformation." When asked the cause of it all he said:

"You see, these preachers and leaders have been misteaching and misleading the people. They preach one thing, and as soon as they get in the dark they are practicing another. God has grown tired of it."

He exhibited a special message which he was about to send to a Washington newspaper, informing the government there of the impending destruction.
